

**Name:** Wall Mounted Bottle Filling Station

**Code:** BFS-04

**Material:** Stainless Steel 304

**Description:** A wall mounted push button stainless steel bottle filling station. This bottle filling unit is provided with a 3/4" waste outlet, and a 1/4" Push-Fit (Speedfit) water inlet for drinking water. The water inlet is at the base of the unit but may be fed from the rear. The unit is supplied with a wall mounting bracket.

The bottle filler has a push button for instant on/off flow.

The unit protrudes only 125mm from the wall.

**Dimensions:** 435 x 125 x 525mm
