WALL MOUNTED TROUGH URINAL

Models WMTU1200 – WMTU3000 | Wall mounted, 316 stainless steel, 300mm projection

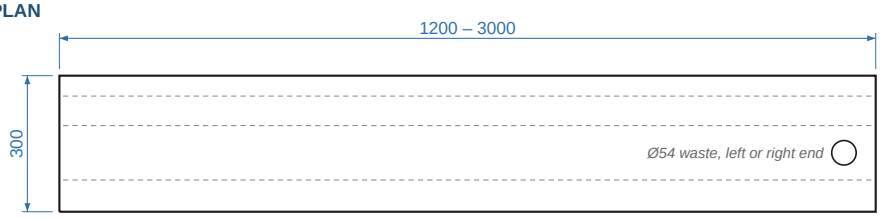

A stainless steel wall mounted trough urinal, made to order in our own factory in Ashbourne, Co. Meath. A wall-hung trough leaves the floor completely clear, so cleaning is quick, and the trough projects only 300mm from the wall.

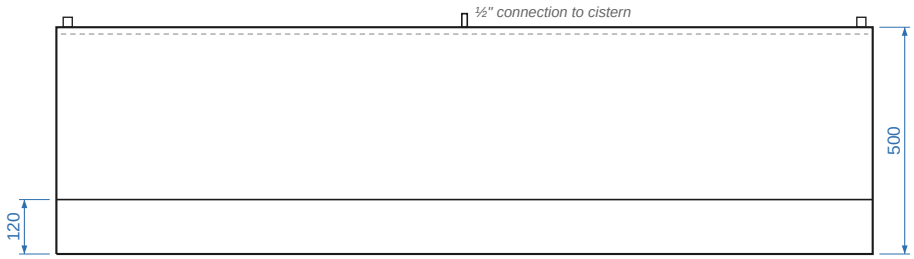

Supplied with a concealed stainless steel sprinkler and a urinal waste, pitched to the far left or right end. Bespoke lengths are available.
