TECHNICAL DATA

Material	1.5mm 304 grade stainless steel, brushed finish
Overall size	3000 x 400 x 165mm, plus 50mm rear upstand
Trough	280mm wide x 165mm deep, centrally wasted
Tap positions	5 positions, 300mm from each end, then at 600mm centres. Tap holes drilled per order to suit the tap specification
Waste	1½" outlet, waste fitting included
Mounting	Wall mounted on heavy duty brackets, one at each end
Fitting height	To suit the site, typically 900mm to the rim
Options	Front legs, taller upstand, custom sizes

TAP OPTIONS

WT3000	Trough only. Tap holes drilled to suit your chosen taps (hand, leg or sensor)
WT3000LM	Lever mixer taps
WT3000SC	Self closing, non-concussive taps
WT3000WR	Leg operated nylon wall rods. Moving the rod in any direction opens the flow
WT3000KP	Leg pedal operated, with frame. See separate datasheet
